
Bethel Fellowship Church

Though not too local, Bethel Fellowship Church in Strafford, Missouri is the home church of Pastor Mike and myself, his wife. This church means much to us, as we had our grounding, training and support there which has enabled us to move towards our ministry at Riverview. We have invited the congregation at Bethel to update us on events, prayer requests, praise reports and other issues so that we can post those here on the site. Bethel is a loving church, grounded in the word and the members are very special to Pastor Mike and myself. Pray for them as they are also praying for us at Riverview!
